Dear CSTC clients/friends,

We are contacting you to let you know we are still operating because many of you are considered essential businesses that must stay in operation. We will continue to provide safety services. It is absolutely critical that we reduce the impact which injuries or illnesses would have on the medical facilities in each of our communities. Safety training and injury and illness prevention is essential. We are still available to help with any incident. We can provide on-line live trainings and traditional online classes and encourage you to arrange for these classes.

We are taking steps to contain the COVID-19 virus as much as possible by practicing social isolation in our classes. No student or instructor should come to work or physically attend a class with

symptoms. No handshakes. Class sizes are limited to 10 students and 6 feet of distance should be kept between individuals. We are sanitizing all commonly touched surfaces including pencils, pens, clipboards and computers. We are handling sign in sheets with care to avoid cross contact. Our instructors are handwashing and sanitizing their own commonly touched surfaces as well as our office staff who support and serve you.

We will contact you individually if any class schedule or procedure needs to change.

Thank you for your efforts!
Please stay safe and healthy.

Sincerely,
All of us here at CSTC.
